

To the WORLD COMPLEX SCIENCES ACADEMY (WCSA) EXECUTIVE & DIRECTIVE BOARD

It is my pleasure to address to the board, following my phone conversations with WCSA chairman Professor Andrea Pitasi.

On that sense we do want to present an initiative looking for your approval.

The fact is that WCSA profile and prestige is increasing every year mainly in the European intellectual scenario.

Our firm SANTA FE ASSOCIATES INTERNATIONAL (SFAI) has a very extended links with professional partners in Central and South American partners, so the idea is to try to increase the WCSA activity on that region, with mew members and also with the possibility to get sponsorship from regional international banks like the Interamerican Development Bank, the Organisation of American States and the like.

To get that expansion our proposal is to open WCSA in South America, mamed WACSA LATAM, legally speaking WCSA and WCSA LATAM would be totally independent, legally speaking , one from the other, both not for profit organisations.

WCSA LATAM will be located in a country that are giving the best socio- economic possibilities and also taxes and registration facilities: URUGUAY.

We intend to have a physical address (SFAI office today in Montevideo, Ituzaingo street 1733) based in a NGO office registered in Uruguay with a bank account also there. We will have also a web site with the same look and feel that the original one of WCSA.

I personally will take care of and chair WCSA LATAM with no cost to WCSA at all . Andrea Pitasi will be Honorary President of WCSA LATAM with no legal power, no civil responsibility , no criminal responsibility.

We shall promote therefore new associate members, new papers and books to publish .

All the financial resources originated in WCSA LATAM will be managed through the bank account to be opened in Uruguay, in the name of WCSA LATAM.

We are thinking on a good social presentation of the WCSA activity through the Uruguayan government that is looking to develop their intellectual possibilities as much as possible. In short Uruguay is planning to recoup their identity they had 30 years ago as the Latin American Switzerland.

WCSA LATAM will provide consulting, training, coaching and multibusiness services to third parts which can promote business development.

Thus, I propose to found WCSA LATAM based in Montevideo I will chair. WCSA and WCSA LATAM will be two totally independent from each other organizations both in civil and criminal law.

WCSA would permit WCSA LATAM to take advantage and use the WCSA intangible assets and tools like the website or media like WCSAJ .

In return WCSA would receive yearly 10 000,00 euro paid yearly within February 28th (first payment within February 28th 2022) by WCSA LATAM as a LICENSE FEE and the 0, 50% yearly of WCSA LATAM profit, if any, as a DONATION (to be delivered yearly first donation within March 31st 2023). As a part of this general proposal to shape a brief and technical annex about the TERMS AND CONDITIONS OF USE of WCSA intangible assets, website and journal by WCSA LATAM which will be a non for-profit company.

The Annex will be part of the proposal and of the agreement which will follow within the end of 2021.

In short, we are proposing

- To open WCSA LATAM
- To expand the number of members through the Latin American contacts SFAI has
- No cost for WCSA organization
- To get an annual donation done by SFAI of 10,000 euros per year
- To start a promotional expansion of the WCSA intellectual base
- To agree on a supplemental 0,5% for referral fee to be credited to WCSA calculated on the WCSA LATAM annual income.

Hope to have synthesized the idea as good as possible and to get the board approval. I shall be at your disposal if any detail is necessary to add the present initiative.

Receive in the meantime my very best regards
